**Confidential employees with a doctorate degree can receive the doctorate differential

The employee shall provide evidence of an earned degree in the form of an official transcript. **Foreign degrees** must be determined to be equivalent to a U.S. degree by an accrediting agency approved by the California Commission on Teacher Credentialing. (If your degree is from a foreign institution, contact the Assignments Unit for a listing of approved accrediting agencies.)

In order for Unit members' degree differential to be processed as **expeditiously** as possible, Unit members must present the District with an official transcript containing the degree posted on it from an accredited institution of higher education attached to this form.

Due to the volume of work, the Assignments Unit may not be able to process your differential within the pay period that you submitted your degree. **Please wait at least four weeks before calling to see if your paperwork has been received.** When your differential has been processed and approved, it will be effective the first day of the month following the receipt of the proof that it was filed with the Assignments Unit. Once the evaluation has been completed, we will send you a receipt indicating approval or denial of the differential request.

You may obtain information about the required degree by reviewing the specification for your position/class. Job specifications are available in the campus Personnel Office or the Personnel Commission website at:
